

Alliance of Japan Top Leagues (JTL) was established on May 24, 2005, and JTL started with 9 leagues of 8 sports. April 1, 2010 Japan Futsal League, December 1, Japan American Football League Xcellence, and December 1, 2011 Japan Football League became our new member. Now our organization consists 12 leagues of 9 sports. The purpose of JTL is to support the 12 leagues of 9 sports, to enhance each league's activities and to strengthen administration of these sports.

To bring outstanding results to the Japanese ball sports in the international competitions, Project Promotion Committee that consists of staff from each league was launched in 2006 in the JTL. The committee sets priority projects, "Cooperation toward International Competitions", "Promotion of Leagues Activation", "Support for Community Sports Clubs" and several other activities for the goal. The JTL, all top leagues, top teams will work cooperative to achieve the goal.

With the understanding the purpose of our organization and activities, we ask for your kind support and cooperation to our organization.

2. Mission & Vision

Mission

As the Japan Olympic team has been struggling after the Olympic games in 1964, Tokyo, “The Nippon Revival Project” has started to strengthen sports activities in Japan. As a result of this project, Japan won 38 medals in the Olympic games in 2012, London.

Still many of the Japan national teams of ball game are hands full, to take place in the Olympic games. To resolve these situations, “A ball sports competition revival” must be considered immediately. That was the reason why, the JTL was established.

Vision

Our final goal is to achieve medals of ball sports at the Olympic games and international competitions. In order to accomplish the goal, the JTL contributes to reach effective management for each league, raise public awareness and status of Ball sports, and raise up the competitive standard through the cooperation of 12 leagues.
